FY 2024 Congressional Budget

The House Appropriations Subcommittee on Transportation, Housing and Urban Development (THUD)'s fiscal year (FY24) funding bill would provide \$65.208 billion for HUD in FY24, which the House Committee on Appropriations says is 25% below fiscal year 2023 (FY23) funding. The bill would cut funding for many HUD programs and eliminate funding for others.

A large orange circle is positioned on the left side of the slide, partially cut off by the edge.
